VOLUME 71

ELBA, ALABAMA 36323, THURSDAY FEBRUARY 27, 1969

NUMBER 32

ANNUAL BEEF COOK-OFF at Elba High School was held on February 17th. The winners are pictured above and each one is an advance Home Economics student. The winners were from left: Dianne Goodson, 1st place; Verla Smith, 2nd place and Debbie Fuller, 3rd place. Dianne will compete in the county contest.

Public Meeting To Discuss New Factory

The public is invited to attend a meeting at the Elba High School Auditorium on Friday night at 7 p.m. The meeting is to explain to everyone the status of the efforts to acquire a sewing plant in Elba.

During the meeting the public will be told exactly what has been done, what is being done and what needs to be done to get the Kleenex Rubber Company to place a plant employing 400 women in Elba.

The plant would have a payroll of \$1.5 million a year and is a branch of a financially strong company based in New York.

Company officials will be looking with interest at the public interest in this proposed plant. They were in Elba last week and interviewed 150 people at random from the 1700 people who signed up during the recent labor survey.

If you feel Elba needs this plant, attend the meeting and offer your advice and moral support.

Holliman Is New Music Man At Church

Robert Holliman has accepted the position of Minister of Music-Education at the First Baptist Church of Elba. He will begin his service on Sunday, March 23rd.

Holliman comes to Elba from the Philadelphia Baptist Church of Birmingham.

Elba PTA Will Meet On March 4th

The monthly meeting of the Elba Parent-Teacher Association will be March 4, 1969, in the elementary cafeteria. The program topic for the evening is "Improving Relations Between Home and School."

Students under the direction of Mr. Mack King, Speech Department of Elba High School will conduct the program.

THEY GOT THE LOOT! Sheriff Tillman, policeman Peterson, Chief Smart and State Investigator Joe Tom Masters look at an array of guns, silver, TVs and other items recovered from a recently broken thief ring. The merchandise, valued at \$3000, was recovered in Dale County where it had been sold to another party. There were 27 guns recovered in this raid.

Sheriff Tillman reports that the items were taken from homes, cars and businesses over a period of several months. Four local citizens have been arrested and charged in the thefts. One person was arrested in Dale County and charged with receiving stolen property.

No names will be released in view of recent court decisions and the desire of local law enforcement officials to get an "iron clad" conviction against the guilty parties.

RESCUE SQUAD IS AWAKE!

During the first six weeks of 1969 the Elba Rescue Squad has answered 27 calls, these consisted of the following types of emergencies: wrecks 5; emergency transfers to Montgomery - 2; Troy - 1; Opp - 2; heart attack - 1; plus 13 other cases. The members have given 70 hours in the line of duty and have traveled 677 miles. The emergency vehicle was away from the station 30 hours and 30 minutes.

The squad is at present in need of a second vehicle and is in the process of asking for donations from the public for funds to purchase this vehicle. The Rescue Squad will give an outboard motor to some lucky person who donates \$1 to the ambulance fund.

The public is urged to support the Elba Rescue Squad which is in the business of saving lives - It May Be Yours They Save Next!

Council For Dependent Girls Planned

An organization meeting of the Coffee County Council for Neglected and Dependent Girls will be held at the Enterprise Community Center on February 27, 1969 at 7:30 p.m.

Councils are being organized in each county of Alabama under the leadership of Pilot Clubs in District 2 of Pilot International. The effort is coordinated with the Alabama Council for Neglected and Dependent Girls, Inc., and the State Departments of Pensions and Security.

Discussion of the local problems and needs will be led by Judge Riley D. Greene of Troy, Alabama.

Teachers Win Elba Game

The Elba High School Student Council sponsored an Intramural Basketball Tournament, including the coaches and male faculty, last week. The games were played Monday and Tuesday nights with the finals held on Friday night. The survey will take into consideration the need for such a store that serves the community from 7 a.m. to 11 p.m. seven days a week.

According to Kerner last week, the American Cancer Society Crusade of 1969 in what is expected to be the society's record-breaking campaign in Coffee County.

State Crusade Chairman Charles H. Payne of Birmingham announced the appointment of Mr. Hornsby as county crusade chairman, and commented that "the American Cancer Society is fortunate to have such outstanding leadership in the 1969 crusade."

Alabama raised a record amount of \$428,090 for cancer research, education and service in 1968, and the Cancer Society expects to exceed this amount this year, Payne said.

The state chairman expressed his appreciation for "the devoted public service of those who worked in the 1968 crusade," and voiced the hope that "the many wonderful volunteers who helped last year will again assist in the 1969 crusade."

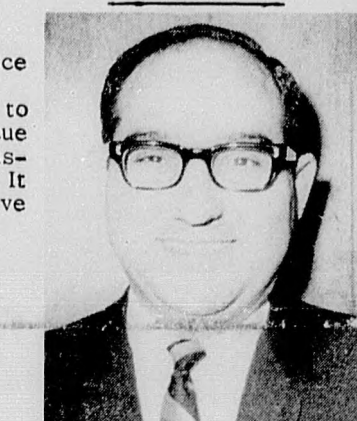

"Some day, cancer will be conquered," Payne said, "and those fine citizens who give their time and energy in this work will enjoy the reward of knowing that their efforts helped to bring about a cure for all types of cancer."

Hornsby is an agent with the State Farm Insurance Company. He is a past president of the Jaycees and a member of the Chamber of Commerce and the Westside Baptist Church.

A native of New Brockton, Ala., he married the former Elizabeth Bullard of Elba, Ala., and they have two daughters.

New Small Grocery Store Coming

A Kerner Kuperboard store is slated for this area in the near future, according to Grady R. Barnette, President of Kerner Kuperboard Convention Intramural Basketball Tournament, Inc., headquartered in Birmingham.

Jimmy Hornsby To Head Local Cancer Drive

Jimmy Hornsby of Elba will lead the American Cancer Society Crusade of 1969 in what is expected to be the society's record-breaking campaign in Coffee County.

State Crusade Chairman Charles H. Payne of Birmingham announced the appointment of Mr. Hornsby as county crusade chairman, and commented that "the American Cancer Society is fortunate to have such outstanding leadership in the 1969 crusade."

Alabama raised a record amount of \$428,090 for cancer research, education and service in 1968, and the Cancer Society expects to exceed this amount this year, Payne said.

The state chairman expressed his appreciation for "the devoted public service of those who worked in the 1968 crusade," and voiced the hope that "the many wonderful volunteers who helped last year will again assist in the 1969 crusade."

"Some day, cancer will be conquered," Payne said, "and those fine citizens who give their time and energy in this work will enjoy the reward of knowing that their efforts helped to bring about a cure for all types of cancer."

Hornsby is an agent with the State Farm Insurance Company. He is a past president of the Jaycees and a member of the Chamber of Commerce and the Westside Baptist Church.

A native of New Brockton, Ala., he married the former Elizabeth Bullard of Elba, Ala., and they have two daughters.

Methodist Church Plans Revival Next Week

Revival services are to be held at Elba United Methodist Church beginning Sunday, March 2, and continuing through Friday, March 7, according to an announcement made by the church.

The bibles come in a \$2 carton and include 60, 75 and 100 watt bulbs.

When he represented Kinston at the regional paper symposium in Troy, his paper won first place in the field of Mathematics and Engineering and was chosen to participate in the state paper symposium at the University of Mississippi. At the state meeting his paper was selected as one of six to be presented in national competition at the National Science Foundation Summer Institute at Fair Hills project was one of three representing the Southern Region.

Wayne Fleming, a senior at Kinston High School, will be a representative of Alabama at the national science paper symposium at West Point Academy, New York. Wayne is the son of Mrs. Margie Fleming of Route two, Kinston. The title of his paper is "Differentiation of the Trigonometric Functions."

When he represented Kinston at the regional paper symposium in Troy, his paper won first place in the field of Mathematics and Engineering and was chosen to participate in the state paper symposium at the University of Mississippi. At the state meeting his paper was selected as one of six to be presented in national competition at the National Science Foundation Summer Institute at Fair Hills project was one of three representing the Southern Region.

Karen Clay To Join United Nation Tour

Miss Karen Clay, daughter of Dr. and Mrs. James Clay, of Elba, has been chosen a delegate to the Citizenship Tour To The United Nations and Washington, March 8-15, 1969. The tour is sponsored by the Program Council of the Alabama-West Florida Conference of the United Methodist Church.

The purpose of the tour is to give the Methodist youth a chance to see the United Nations and the U.S. Government in operation; enable the youth to get information on national and international issues; to look at issues that face society, the world, and our churches from a Christian viewpoint, and to suggest ways Methodist youth can effectively deal with these issues.

The group will leave Montgomery on the morning of March 8 and arrive in New York that afternoon. Saturday night they will attend a Broadway play, Sunday the group will attend services at the Riverside Church and at Christ United Methodist Church. Monday and Tuesday will be spent at the United Nations, Wednesday the group will visit the World Missions Headquarters of the United Methodist Church. Wednesday the touring group will go by bus to Washington D.C. Leaving Washington Friday night, March 14, the party will arrive in Montgomery the morning of March 15.

School Board Sells Bonds For Gym

The First National Bank of Memphis, Tennessee, was the successful bidder on the \$90,000 warrants sold by the Elba School Board for the construction of a new gymnasium and land room. The successful interest rate was 5.194 per year.

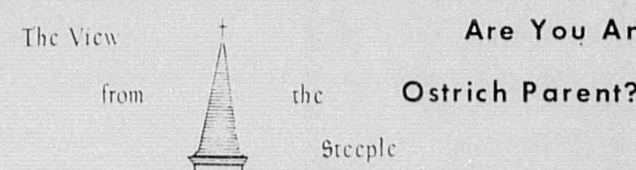

This money will be combined with that received from the insurance on the gym that burned at Elba High School several years ago. Construction on the new gym complex should be completed during the fall of next year, but not in time for the football team to use the dressing rooms designed for the athletic department.

WANT TO LOCATE A PLANT IN ELBA? This group of men met last Thursday morning to discuss the financing of a 3/4 million dollar rubber goods plant in Elba. Pictured from left to right are: seated, Sam Sawyer, city councilman and Chairman of the Elba Industrial Board; Bill Gault, of Farris, Thornton and Gault, bond attorneys; Mayor Jack Brunson; standing from left are Travis Windham, also of Thornton, Farris and Gault; Sam Eddleman, of I. B. Kleenex Rubber Co.; Stewart Grant, consultant for Kleenex; and John Martin of the Alabama Industrial Development Board, of Montgomery.

The Bond attorneys concluded that the plant could be built under the Wallace or Carter acts and leased to the company over a thirty year period. It would be a 60,000 square foot building and would employ 400 people, 97% women.

No decision has been announced as to whether-the company will or will not locate in Elba.

Are You An Ostrich Parent?

by Jim Auchmuty

Arabian literature refers to the ostrich as a cruel and wicked bird. This is because the ostrich lays its eggs on the ground then walks away to leave the eggs unattended and cared for. Unlike other birds that hatch, shelter, and protect their eggs, the ostrich considers its parental responsibility over with the laying process.

The ostrich parent is henry. (106 3416)

Murdock, Wambles Vows Exchanged

A center arrangement of white chrysanthemums and white gladioli before a background of red tulle and burning tapers formed the setting for the wedding of Miss Patricia Murdock and Jerry Wambles. The double-ring ceremony was performed February 14 at 7:00 p.m. in the Cool Springs Baptist Church of Enterprise. The Rev. C. P. Jones, pastor, officiated.

The bride is the daughter of Mr. and Mrs. C. Murdock of Enterprise. The groom's parents are Mr. and Mrs. Cecil Wambles of Elba.

A program of nuptial music was presented by Mrs. Ted Martin, organist, and Mrs. Phillip Martin, soloist, both of Enterprise. Mrs. Martin sang "I Love You Truly," "Whither Thou Goest," and "The Wedding Prayer."

The bride, given in marriage by her father, wore a gown of candlelight satin designed with long sleeves empire bodice, made with a chapel length train with applied Alencon lace, a seeded pearl tiara held the bride's chapel length veil of silk illusion which was bordered with embroidered Alencon lace. She carried a white Bible with a central arrangement of white carnations centered with an orchid.

Serving her sister as maid of honor was Miss Linda Murdock. Bridesmaids were Misses Linda Stokes and Susan Thomas, of Enterprise. They wore floor length A-line dresses.

The A.A.R.P. Meets At Country Club

The January meeting of the American Association of Retired Persons was held at the Country Club at 11:00 o'clock.

Camellias in silver bowls were used as center decorations on the tables. The president, Mrs. Luna Belle Ringo, presided and welcomed one visitor, Mrs. Daisy Windham.

Minutes of the previous meeting were read and the roll called by Mrs. Idelle Whitman.

The Montgomery Chapter of A.A.R.P. extended an invitation to the Elba Chapter to attend a luncheon in February, at which the President of the

newly elected officers are Vice-president, Jeff Wise; Secretary, Sherri Cook; reporter, Nancy Taylor; devotional leader, Jeff Bimbo; song leader, Cheryl Farris and Mike McGuire; game leaders, Danny Lee and Gary Jackson. New members in the club were: Melanie Carnley, Ann Martin, Richard Clark and Jim Williams.

A local 4-H leaders present for the meeting were Mrs. W. H. Taylor and Mrs. James C. Rhoades.

We urge all seventh graders, boys and girls, to join 4-H. We have a very good time.

Mrs. Boyd Murphree, club president, presided

over the business officers giving their reports.

Mrs. Oliver Williams and Mrs. Duke Tatum conducted the program, "Camellia Show," with hints of culture, in the form of a true, false test, Mrs. Sam Rowe winner of Fulton Clark, Mrs. Bando the true, false test, Mrs. Mose Hamm, winner named "great show."

Coffee and cake were served as the members arrived.

ATTEND THE CHURCH OF YOUR CHOICE SUNDAY

Shiny BUBBLE

This is the best bubble he has ever blown, big and shiny and full of rainbow lights that shimmer gaily as he blows . . . and blows . . . and blows . . .

Inevitably, there will come the moment when he will blow too hard and the bubble will burst. And then what was a thing of bewitching beauty will have vanished into air.

Some of the brightest-appearing things in life are no more stable than bubbles. They can shatter in an instant. But there are values that endure . . . the kind of values we learn in Church.

The Church can help us achieve something solid and real, and the faith it teaches us is in no danger of disappearing today . . . tomorrow . . . or ever.

CHINCHILLAS - FACT AND FICTION

Earl F. Kennamer, Specialist in Wildlife at Auburn, pointed out recently that a lot of people in the State asked him about producing chinchillas, but he knows from experience that there are some unscrupulous dealers in the field. He emphasizes that a complete understanding of the offer is a must. Above all, he says don't rush into signing a contract. Of course, on any financial basis, deal it is always good to talk to your banker, to breeding stocks? Not ne-

cessarily. Improved attitudes or producers is needed most. Coffee County hog producers must be ready to accept the newest methods of hog production and must consider hog production as a business rather than a sideline.

PRIDE

At an agri-business meeting a few nights ago, the salesman talked about weed and grass control in corn. He pointed out that a lot of dollars were being lost because of an overabundance of grass and weeds in Coffee County corn fields.

Someone at the meeting pointed out that folks who used chemicals developed a great pride in corn production. Sometimes this extra pride results in greater profits.

ANNUAL MEETING
M. C. Wilkes, President

We Love

To Work on Saturday BUT (like most of you) We'd Rather Work at Home

SO Starting March 1, 1969, all offices of the Southeast Alabama Gas District will be closed all day Saturday.

You customers shouldn't mind. You can pay your bill during the week, or mail your check. You can phone us for ROUTINE SERVICE Monday through Friday.

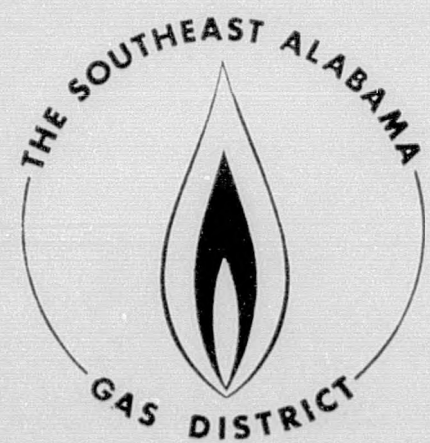

EMERGENCY SERVICE OF COURSE

If you have a GENUINE EMERGENCY at any time, look in the phone book under "Southeast Alabama Gas District" for instructions.

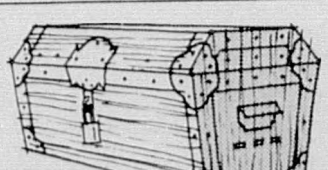

Meanwhile we Gas District employees will be spending our two-day weekends getting smarter and more cheerful than ever—and you'll get better service. How about that?

We Request Your Cooperation As We Make This Change

All Offices OPEN Monday-Friday 8 AM 5 PM CLOSED Saturdays

Any reducing salon that knows what's coming off is in the

CATFISH FARMING

Marvin Carroll of the Catfish Community is getting into the channel catfish business. He has recently built a new pond and drained an old one, both of which are being stocked with catfish.

PEANUT AWARDS

Unfortunately only three Coffee County growers are eligible to attend the 2750 Peanut Awards Banquet scheduled Thursday night in Dothan.

The three farmers going are Fred Grimes of Route 1, Coffee Springs, Leon Smart of Route 1, Jack H. L. Martin of Route 1, Coffee Springs. About 1000 farmers in the county made over a ton per acre but only three made 2750 pounds on one or all of their allotments. I know they will enjoy the recognition meeting.

GRASS AND ROW CROPS ROTATED

Douglas Martin of the Calvary Community is trying out several conservation practices this year. He is turning some bahia grass pasture to follow it with row crops, and he is putting parallel terraces, waterways, and a diversion terrace on several more acres of his best row-crop land — which includes that where the grass is being turned.

Martin will have all of his cropland in parallel terraces when this latest project is completed. All Camp northeast of Elba has been done with ACP cost-share assistance, and with planning and

WORK IN PROGRESS

Work is underway on two lakes on the Girl Scout Camp northeast of Elba. When the lakes are finished, each one will be five or six acres in size.

CO-OP TO Open Plant In April

Alabama Electric has begun the final stage of checking out massive generating equipment at the new \$12 million steam plant on the Tombigbee River. The plant is expected to begin initial generation operations sometime during the month of April, according to Wesley M. Jackson, general manager.

Construction and installation of equipment has been underway since the summer of 1966. The plant is located on a built-up land site on the west bank of the Tombigbee near Leroy in Washington County.

Coal unloading equipment has been put into operation and the plant is building up a supply of the crushed coal which will be used to fire the equipment which converts water to steam. The steam turns the turbine which generates the electricity produced by the plant.

Once in full operation the plant will produce electricity 24 hours a day with around the clock shifts of plant operators. The Tombigbee River plant will supplement the supply of electricity already being produced by Alabama Electric at other steam, hydro and gas-powered turbines in South Alabama.

At one place, at one time, you can arrange for your entire fertilizer and pesticide programs. You'll work with qualified, experienced men who are familiar with crops and soil conditions in this area. We'll help you map out a plan from soil tests to harvest—a plan that will give you maximum returns on your agricultural chemical program. Come by and see what we mean!

We're also headquarters for
• BIG BOY FERTILIZER • AMMO-NITE NITROGEN
• ESCAMBIA ANHYDROUS AMMONIA • PESTICIDES

BE EXTRA CAREFUL WITH EYE MEDICINES

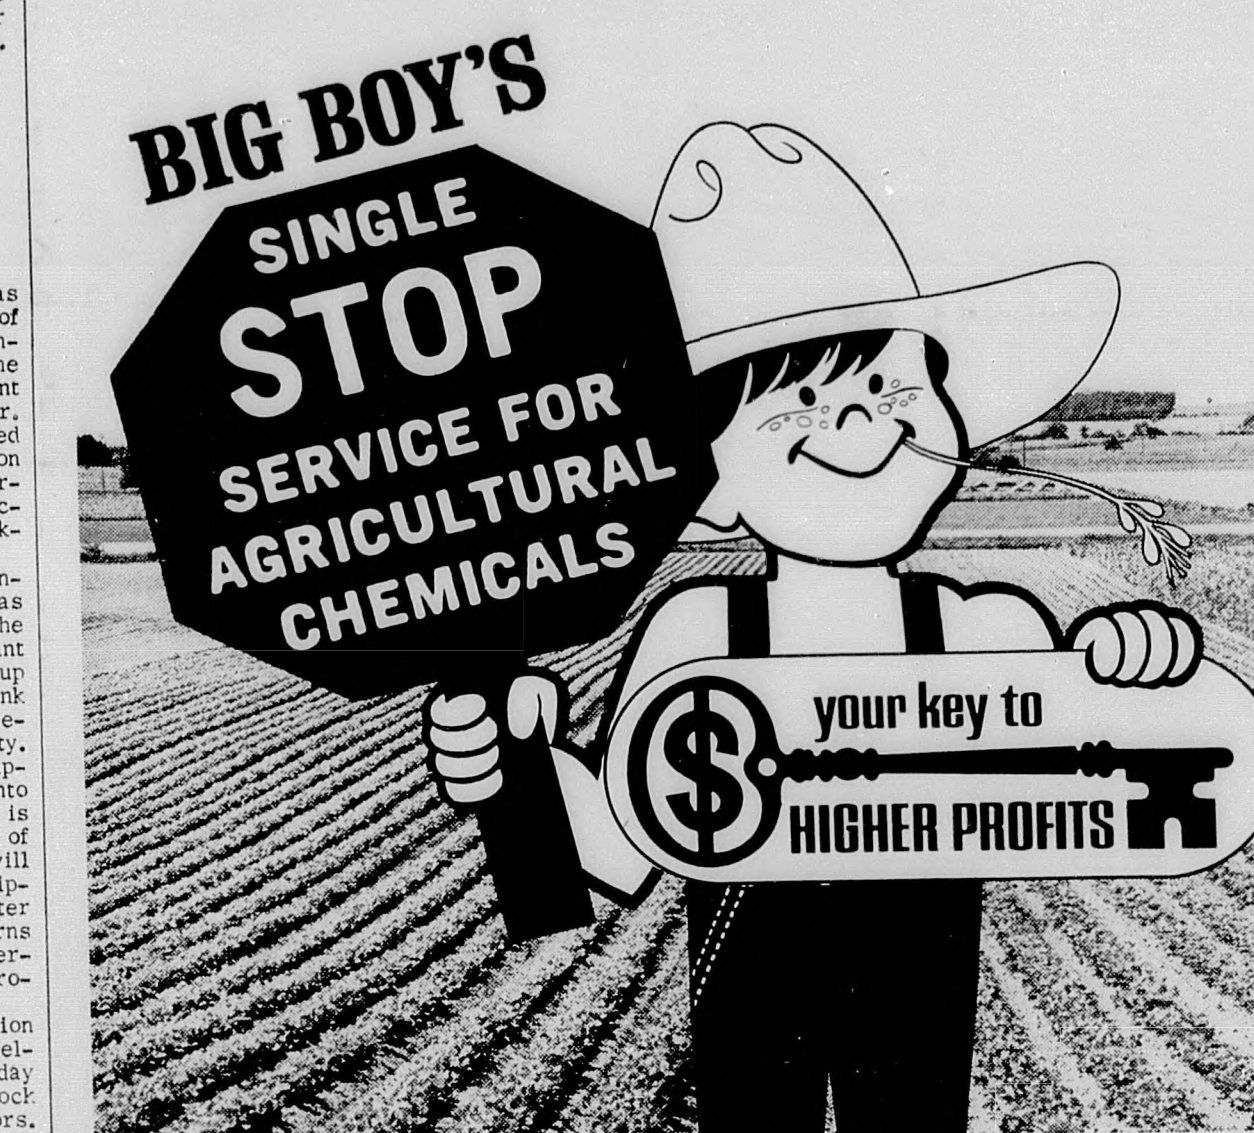

Eye drops are easily contaminated. When using an eye dropper, try not to touch the eye when instilling eye drops. Otherwise, the dropper can pick up germs which can injure the rest of the medicine in the bottle. Always keep the container tightly closed. Store in a cool place.

If the liquid develops a precipitate, or particles of matter cloud the appearance, do not use them. The odds are the eye drops are decomposing and unfit for use.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

COFFEE NEWS & CHAT

By: SARA E. HUTCHINSON

BUDGET

Are you a young couple trying to make a budget work? Here are some general guidelines that may help you get the most for your money.

First take advantage of week-end specials when shopping for food. Seasonal sales, such as "white sales" at reliable shops are another budget-stretcher.

Second, get over the idea that anything you buy has to be brand new. Secondhand furniture, for example, may be a good investment for you, especially if you are likely to move about in the years ahead.

Be alert to quality. Inform yourself on a product before you shop for it. Then compare prices. And remember credit can be helpful, but know what it costs.

ROSES

Do you want a beautiful rose garden? If so, beautiful roses don't just happen. They require planning. To have lovely blooms and color this summer, plant new roses in February or early March.

Garden centers and nurseries have a wide selection of varieties of good quality plants. Use three to five plants of the same variety in order to have enough blooms of one color for cutting and arranging.

For best results, choose a location for the rose bed which receives at least six hours of sun each day. Also be sure the soil is well drained since roses do not like wet feet.

Shade to a depth of 12 inches or deeper. Add a six cubic foot bale of peat moss per 100 square feet of bed area. Set the plants by opening a hole 12 inches wider and six inches deeper than the root system.

Build a cone-shaped mound of soil in the bottom of the hole — high enough to raise the graft union of the plant above ground level. Spread the root system over the mound of soil and fill the hole with peat moss and soil mixture. Water by soaking.

HOSE

Granted, it's impossible to avoid all the little disaster areas you step into when you don a pair of hose. Still, careful washing and storage can do wonders in extending the life of your stockings.

When washing hose, use warm water. Completely dissolve a liquid detergent or a mild soap in the water before adding hose. Use

Governor Names J. P.'s And Constables

Governor Albert P. Brewer announced the appointment of two Justices of the Peace and a Constable in Coffee County. Mr. Ray Hurd was appointed to serve as Justice of the Peace in Beat 15 and Mr. Joe F. Condry to serve in Beat 17. Mr. Aubrey D. Harbuck was appointed to serve as Constable in Beat 23 of New Brockton, Ala., and Coffee County.

These appointments were made upon the recommendation of the Alabama Judicial Committee, which was organized by the Alabama Judicial Council.

We would like to call your attention, and the attention of your readers, to the fact that the poultry industry in Alabama is

Letter To The Editor

Editor:
The Elba Clipper
Elba, Alabama 36523

Dear Sir:

Much has been written about the recently released recommendations of the Alabama Education Study Commission. The educational needs of Alabama must be seriously considered and some plan devised in order that we might have top-quality education for present and future generations.

We would like to call your attention, and the attention of your readers, to the fact that the poultry industry in Alabama is

helping Alabama meet its ination of all sales tax revenue needs in many employments which would be ways. In the past 20 years placed by a two percent this industry has grown tax on presently exempted from an insignificant items. One of these items source of agricultural and is feed — one of the most industrial income to the important ingredients of top most point in the ag- the poultry industry.

A bright spot for Alabama must compete in the market is the fact that this industry with poultry produced in is still growing and can other states. The inability mean even more to the state to compete will stifle Alabama's largest agricultural industry and production will shift to neighboring (1966) poultry industry can states where production be stopped and killed by one of the recommendations of the Education Study Commission. That recommendation calls for the elim-
